

Promoting International Strategic Cooperation for Hokkaido University

“Japan-China-Korea Innovative Heat Pump Seminar”

Date: 29th, January (Friday) 2016, 13:00 ~ 17:30

Frontier Research in Applied Sciences Building 1F
School of Engineering, Hokkaido University, Japan

Main Sponsor: Hokkaido University

Co-sponsoring: SHASE Hokkaido Branch and JIRA Hokkaido Committee

12.30 ~ Registration and Coffee

13:00 Welcome address, Prof. Toyoharu Nawa, Dean of School of Engineering,
Hokkaido University

13:10 Keynote lecture: Prof. Katsunori Nagano, Hokkaido University

13:30 ~ 15:10 First Session: Adsorption Heat Pump and its applications

Invited special lecture: Prof. Liwei Wang, Shanghai Jiao Tong University, China

Invited Special lecture: Prof. Bingxi Li, Harbin Institute of Technology, China

Special lecture: Guest Assoc. Prof., Junya Togawa, Hokkaido University, Japan

Coffee Break

15:30 ~ 17:20 Second Session: Ground Source Heat Pump and Heat Pump Network System

Invited Special lecture: Assoc. Prof. Yujin Nam, Pusan National University, Korea

Special lecture: Prof. Shin'ya Obara, Kitami Institute of Technology, Japan

Special lecture: Assoc. Prof. Takao Katsura, Hokkaido University, Japan

Special lecture: Assis. Prof. Yoshitaka Sakata, Hokkaido University, Japan

17.20 Closing address, Prof. Katsunori Nagano, Hokkaido University
